

Expert lecture on
“Computer Aided Modelling and Designing of Structures”

On 11th September 2019 the expert lecture for 7th semester students was organized by Prof. Nilesh Parmar and Prof. Vikunj Tilva on **“Computer Aided Modelling and Designing of Structures”**. As an expert person we call Prof. Dr. Jigar Sevalia (HOD SCET, SURAT). His explanation regarding basic fundamentals of structural engineering was very remarkable. He explained behavior of different liquid retaining structures and also hands on practice were performed in computer room on **STAAD PRO software**.
